ODYSSÉ II ÉVOLUTION ALL TOUCH by P O S L I G N E ®

EPOS terminal with "all-touch" dual screen system

Odyssé II Evolution All Touch is the latest generation of the Odyssé integrated system by POSLIGNE®, featuring a dual screen system (now with 2 touch screens) for interactive and digital signage applications.

*Cassis [violet] – Iris [metallic mauve] – Silver [metallic silver]

Kiwi [green] – Mocha [coffee brown]

new colours

This version of the all-in-one **Odyssé II** terminal has a second touch screen facing the customer, for digital display applications, which can be programmed to display images, text and informational content to customers during cash desk operations.

This second adjustable, 8.4" touch display (22 x 17.5 cm overall) is located on the rear of the unit and connected to the system's motherboard, enabling real-time, effective communication to customers at retail outlets, leisure centers, bars, restaurants and hotels, for messages to have a direct, spontaneous impact.

Odyssé II Evolution All Touch benefits from POSLIGNE®'s exclusive 'Clip'n Color' system - a series of 10 interchangeable polycarbonate colour clips located on the device, which can match retail store brand image and visual identity.

Combining design style and high performance, **Odyssé II Evolution All Touch** incorporates the very best in POS technologies: INTEL Pentium Dual-Core processor, integrated RAID 1 controller, the **HSD Exclusive** software platform, 1GB DDR3 of RAM *(up to 4GB...)* and more.

HSD Exclusive: this feature also allows the key data from an entire batch of terminals to be centralised, automatically sending information via e-mail (to a store chain's Information Systems Manager or Hotline), for as many units and locations as required.

ODYSSÉ EVOLUTION design and technology

- Dual-Screen function: 2nd LCD touch monitor for dynamic display application
- The very best in POS technologies (Intel Pentium Dual-Core E5300 processor, RAID 1 controller, HSD Exclusive software platform, etc.)
- Simplified maintenance (thumbscrews provide easy access to the motherboard and hard disk)
- Integrated power supply
- 2 colours for the base unit (CPU) and 10 colours using POSLIGNE's interchangeable Clip'n Color system (Customisation of colour clips is a possible option, depending on quantities requested)
- **Applications:** queue entertainment, customer loyalty, loyalty cards, special offers and interactive contests, digital POS advertising, customized checkout reception

COLOURS OF THE SYSTEM BASE

ODYSSÉ II EVOLUTION ALL TOUCH MODEL

Processor	Intel Pentium Dual-Core E5300
Chipset	82 G41 + ICH 7
Memory (RAM)	1GB DDR3 DIMM up to 4GB (2 slots)
Graphics memory	Up to 1.7GB shared RAM
RAID 1 Controller	integrated (Hot Swap)
Hard disk drive(s)	1 x 2.5" HDD + optional second hard drive
Touchscreen	15 inches / ELO Touch screen / 60° adjustment
Resolution	1024 x 768

SECOND SCREEN

SECOND SCHEEN	
Swivelling LCD touch screen display	
8.4" – 22 x 17.5cm including surround	
LCD resolution: 800 x 600	
LCD brightness: 230 cd/sqm - with LED	
eTurbo Touch panel	
Directly connected to the motherboard	

INPUTS/OUTPUTS

Front face	on/off switch	
	2 USB ports	
Rear face		
USB	6 USB 2.0 ports	
Serial/COM	4 COM type ports (DB9 type, 5V/12V configurable via BIOS)	
PS2	1	
Line output	1	
Mike input	1	
Giga LAN network connection	1	
Cash drawer output	1 x RJ11 (12V / 24V)	
Printer output	1 x 24V	

OTHER FEATURES

OTHER FEATURES	
Loudspeakers	2 integrated
Mini PCI-e port	integrated
Internal power supply	EU "Energy Star" compliant
Dimensions (W x H x D)	375 x 381 x 325 in tilted position (60° screen angle)
Weight	10.75kg including card reader
Materials	polycarbonate (frames, accessories and customer display)
Compatible Operating Systems	POSReady, Windows XP Pro, WIN 2000/NT 4.0, Windows 7, Linux, etc.

OPTIONS

Badge and magnetic card reader (MCR)	Biometric (fingerprint) and MCR reader	
Dallas key reader	CD/DVD reader/burner	
Combined Dallas key and magnetic card reader	2 nd hard disk	
Contactless badge reader (MIFARE)	WIFI
