

# Sage WageEasy Rental Licence Procedure

---

## Sage WageEasy– Rental Licence Procedure

During peak periods you may require a temporary increase to your active licences within Sage WageEasy. Rather than purchasing additional active licences there is an option to rent additional licences for a specified period.

### **Process:**

You will need to print a new registration form increasing the number of employees to incorporate the number of rentals you wish to buy. **IMPORTANT:** Rental licence increases must be for a minimum of 10 licences.

Then email or fax it to support but must include the following details:

1. How Many active employee licences you wish to rent
2. Start date and End Date of rental period (Must be the Pay Period End dates)
3. What their pay cycle is eg: Weekly, Fortnightly or Monthly

**Pricing:** Current as at 1<sup>st</sup> April 2014, please confirm with [licensing.wageeasy.au@sage.com](mailto:licensing.wageeasy.au@sage.com)

### **Weekly Pays:**

1 - 2 weeks, the rental fee \$3.00 + GST per pay per employee

3 - 4 weeks, rental fee \$2.00 + GST per pay per employee

5 – unlimited number of weeks, rental fee \$1.50 + GST per pay per employee

This would mean if the numbers grew for a function by 100 employees, the rental for 2 weeks would be only \$600.00 + GST compared with an outright purchase on the software of \$7000.00 + GST + 20% support.

### **Fortnightly Pays:**

1- 2 pays - \$5.00 + GST per pay per employee

3 - 4 pays - \$3.50 + GST per pay per employee

5+ (to unlimited) \$2.50 + GST per pay per employee

### **Monthly / 4 weekly Pays:**

1 pay - \$6.50 + GST per pay per employee

2-4 pays \$5.00 + GST per pay per employee

5+ (to unlimited) \$4.00 per pay per employee
