WITH ONLINE PAYROLL

SECURE. CONVENIENT. RELIABLE

SAGE PAYROLL ONLINE

simple, flexible and secure

Sage Payroll Online is a cost effective solution for companies who want to leave it to the specialists to manage the IT component of their payroll and HR. Sage Payroll Online offers a premium level of security, management and skills to ensure your payroll and human resources data is protected and delivered to users 24/7.

Increasing your business cash flow and decreasing the capital outlay for your business is what makes Sage Payroll Online suitable for all businesses.

Sage Payroll Online provides you with secure online access to our payroll and HR software, and can be easily accessed from anywhere with an internet connection.

As Sage is focused exclusively on payroll and HR software for Australian businesses, this enables us to quickly respond and update our software to the ongoing stream of regulatory and legislative changes.

Securing your Payroll & HR IT infrastructure

Sage Payroll Online will see the end of system back-ups, manual software upgrades and ongoing maintenance costs making it a convenient, cost-effective solution.

Why choose Sage Payroll Online ?

Easy to install

Our dedicated Implementation Team will establish the software in the private cloud environment, in conjunction with your payroll processing requirements, to have you operating quickly.

Convenient access

Your software is accessible whenever and wherever it suits you using a secure link.

Stay in control

Quickly access your payroll software and payroll process back-ups.

Back-ups and secure storage

Be assured that your data is being backed-up daily and stored in multiple secure locations to ensure reliability of your payroll.

Payroll continuity

Benefit from our Disaster Recovery assistance plan which protects your business against a payroll failure.

Data security

Your valuable payroll data is secure with our advanced physical, technical and accessible security measures.

Latest software

Regular software upgrades, enhancements and security patching is completed by Sage, saving you valuable time.

Help and support

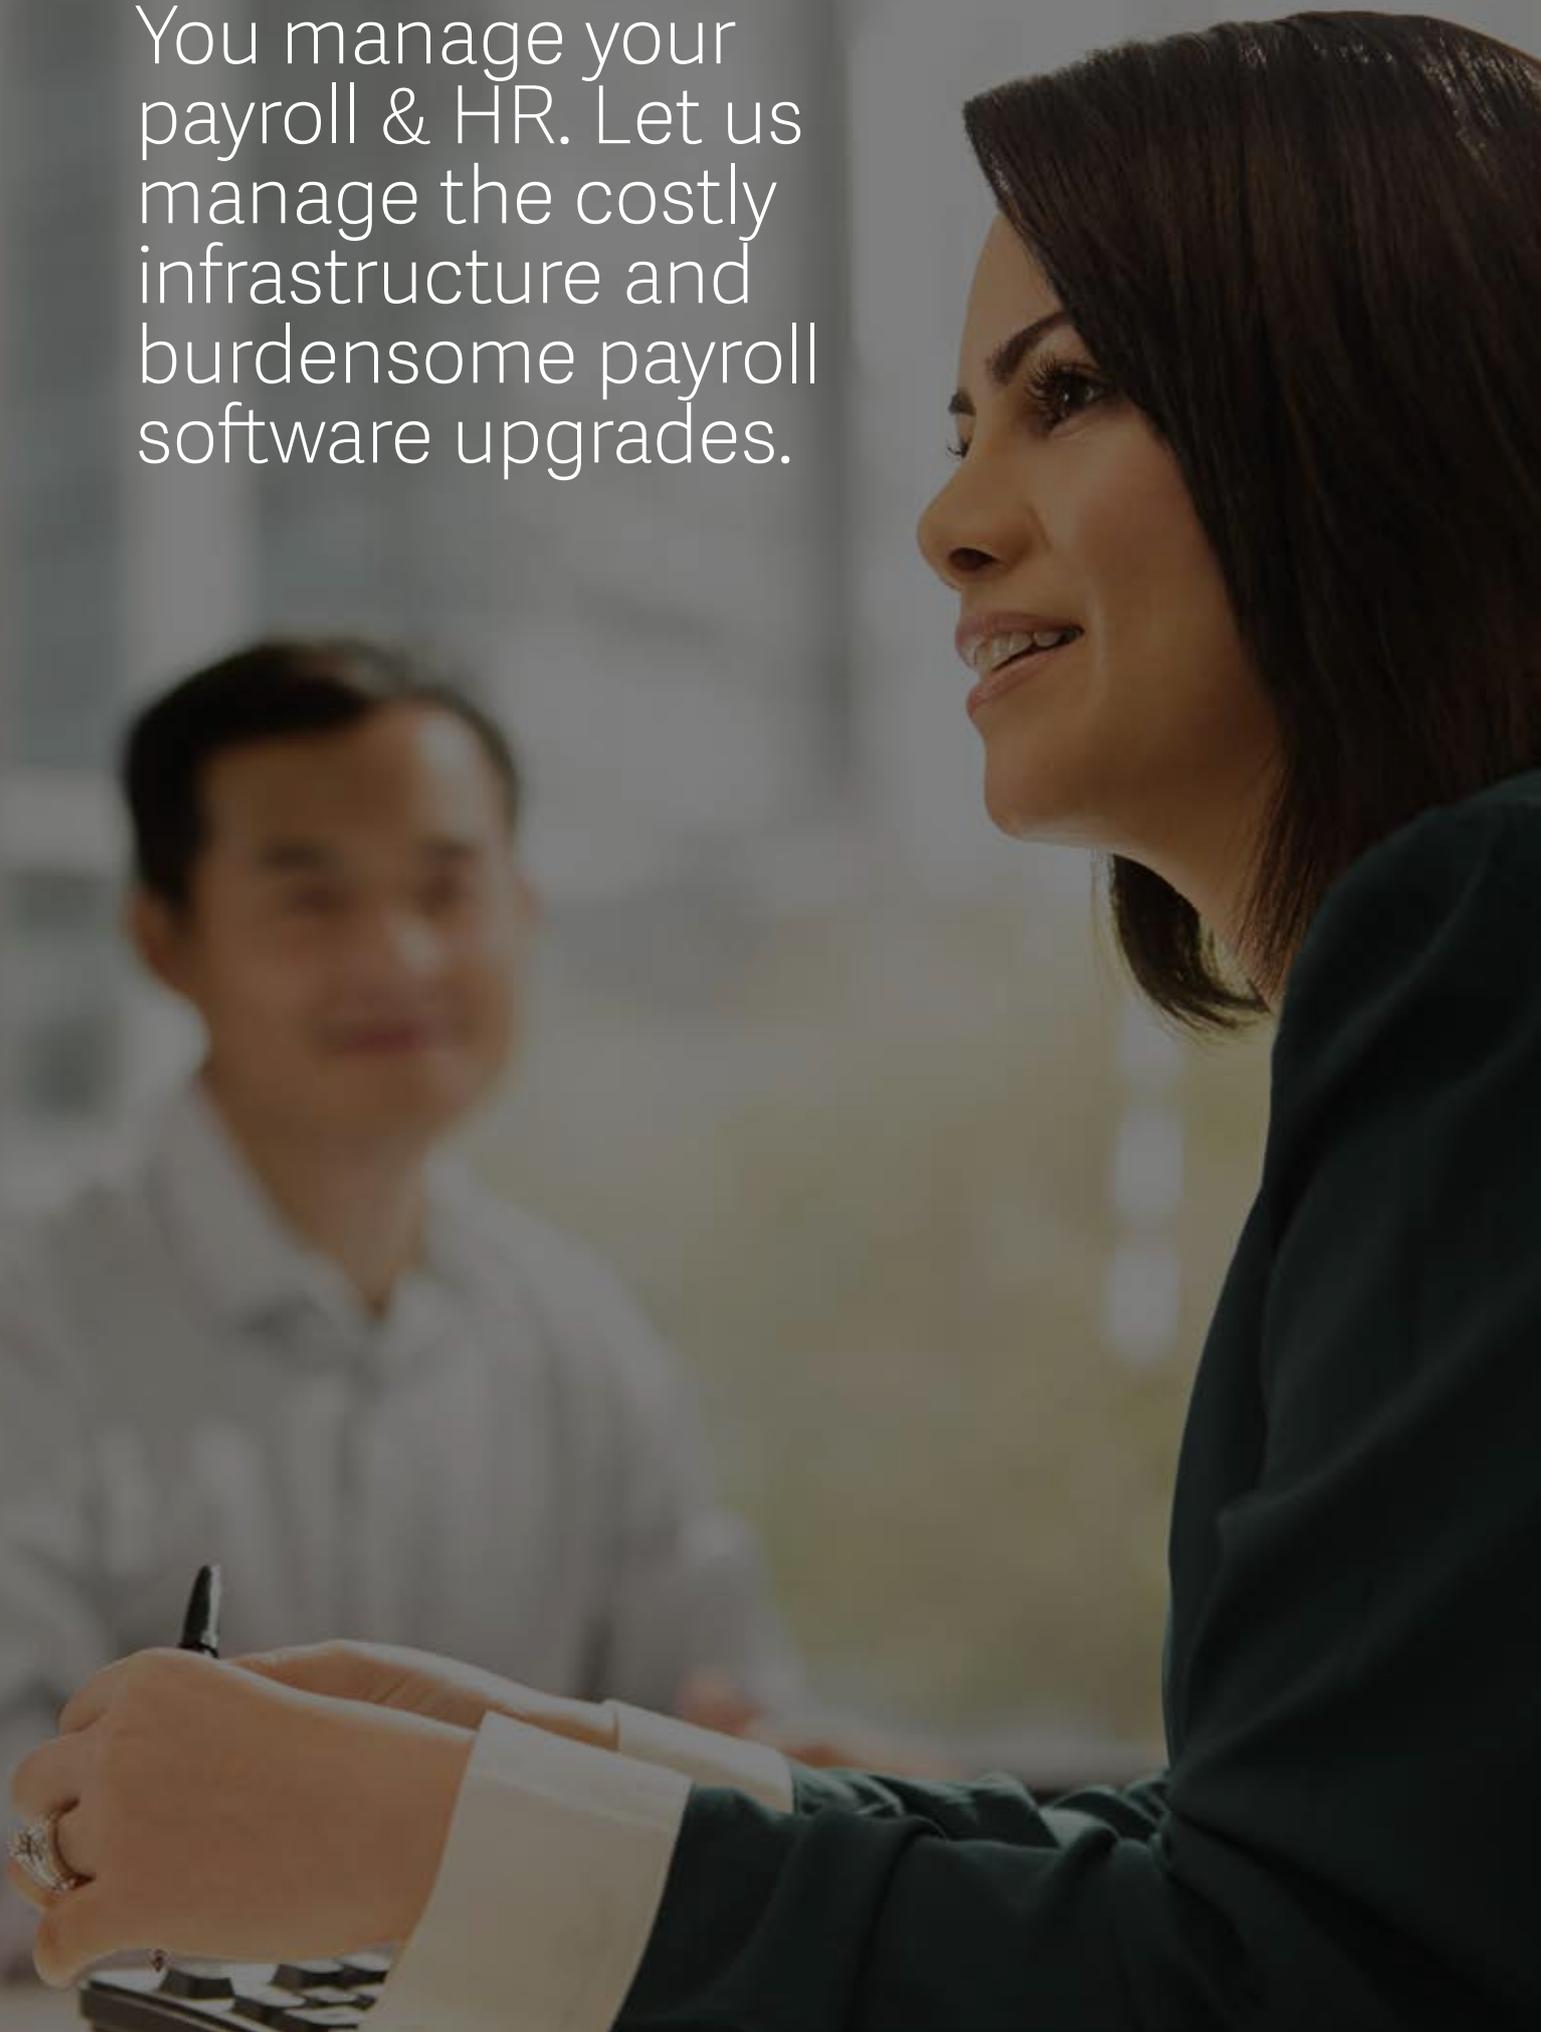

In addition to the existing support provided to you by Sage's Help Desk, you will also have access to our Sage Payroll Online Team.

Flexible investment options to suit you

Sage Payroll Online has options for both new and existing customers.

For existing customers who have invested in their Sage system and would now like the convenience of Sage Payroll Online, we can transfer your existing licences and database into the Sage Payroll Online environment. For new customers, we offer Sage Payroll Online with no upfront software licence costs, just pay as you go.

You manage your payroll & HR. Let us manage the costly infrastructure and burdensome payroll software upgrades.
